

BASIC COURSE ON ARBITRATION

Arbitration is the binding process of alternative dispute resolution method to resolve suitable disputes. It is the process of resolving the disputes by a neutral arbitrator appointed by the parties on consensus or by other procedure given by arbitration law which results are based on the evidences submitted by the parties to the arbitral tribunal. Arbitration is the renowned method of dispute resolution used by the parties and the usage is developing tremendously. The commercial disputants are adopting this method into their original contract or through a separate arbitration agreement. The Right in Personam (Right against a person) disputes may be submitted to arbitration for its resolution. Out of this process the arbitral tribunal needs to attempt negotiation, mediation to settle the dispute amicably on agreed terms. If it is failed, then it would be decided upon reasoned arbitral award on the basis of evidences.

The conducting of arbitration proceedings is art of ability process by the neutral arbitrator. The fundamental ambit of arbitration depends upon the neutrals knowledge and experience on arbitration and also upon the relevant subject area of the contract. The wisdom and fairness in the process plays determinative role in the arbitration process.
